

## Discover the Collaborative Message Board

Based on feedback from nonprofit partners, the Collaborative Message Board was created to strengthen connections among local organizations. It is an online forum where nonprofit partners share events and request and exchange support and resources with one another.

The [Collaborative Message Board](#) was created by the Jefferson Regional Foundation and managed by the Jefferson Community Collaborative. This platform serves organizations providing programming and services within the 26 municipalities of the Jefferson service area ([jeffersonrf.org/about/service-area](http://jeffersonrf.org/about/service-area)).

### Creating an Account for the Message Board
